Career Objective

I am seeking a position as a Mobile or Front-End Web Developer where I can apply my skills in Flutter and React to build high-performance, scalable applications that offer excellent user experiences. I aim to join a collaborative team that values innovation, clean code, and continuous growth.

Professional Summary

A final-year Informatics Engineering student with over 2 years of hands-on experience in mobile app development using Flutter, and recent experience building responsive web applications using HTML, CSS, JavaScript, and React (since 2025).

I have delivered real-world projects focusing on performance, reusable components, and clean UI/UX.

I also have experience in accounting systems through a course in Al-Ameen Accounting Software, and I am always eager to expand my skills and contribute to impactful products.

Projects & Practical Experience

Medical Consultation Platform

Built a multi-specialty medical booking app using Flutter with login for users and consultants.

- ✓ Multilingual support (Arabic & English)
- ✓ Custom booking logic with appointment scheduling
- ✓ Dark mode and categorized specialties

E-Commerce App

Developed a mobile shopping app with OTP verification, product filtering, cart, and order confirmation.

- ✓ Multiple color/size selections
- ✓ Advanced search and category navigation
- ✓ Bilingual and dark mode support

Place Reservation System

Designed an app to book places based on time slots, view pricing, and submit new place requests (subject to approval).

- ✓ Dynamic forms and time selection
- ✓ Booking confirmation and price calculation
- ✓ Admin-side review for new submissions

React Web Projects

Since early 2025, I've built interactive and responsive web UIs using React.

- ✓ Developed admin dashboards and login flows
 - ✓ Consumed APIs and managed state
 - ✓ Focused on clean component design and responsive layout
-

Volunteer Work

Positive Hands Team (Sawaed Ejabiya)

Jan 2025 – Present

- ✓ Participated in community support and youth empowerment initiatives
 - ✓ Helped organize awareness campaigns and distribute aid
-

Training & Certifications

Front-End Web Development Training •

Private Company – 2-month Internship, 2025

Covered HTML, CSS, JavaScript; built responsive web pages

Al-Ameen Accounting Software Course •

2024 – Local Training Center

Trained in managing invoices, inventory, and daily operations

Education

- **IT Engineering**
Damascus University (2020 – 2025)
